Press Information

An all-new twin-turbocharged 6.0-litre W12 engine is at the heart of the new Bentayga. The mighty 12-cylinder unit combines efficiency and refinement with ultra-luxurious levels of power and torque. With 608 PS (600 bhp) and 900 Nm (663 lb. ft), delivering a 0-100km/h time of 4.1 seconds (0-60 mph time in 4.0 seconds) and a top speed of 301 km/h (187 mph), the Bentayga is the world's fastest SUV.

An all-new chassis system allows the Bentayga to take luxury to new places, with dedicated off-road modes for snow, sand, grass and trails. A pioneering 48V active anti-roll control system virtually eliminates body roll on the road, meaning the Bentayga is as suited to a spirited drive along a mountain pass as it is to any off-road environment.
