FLYING SPUR V8: A CHARACTERFUL ENTRANCE TO THE FLYING SPUR RANGE

- **Consummate start of the Flying Spur range**
- **Distinctive engine characterises the Flying Spur V8**
- **Impressive performance credentials combined with efficiency**

The Flying Spur V8 provides remarkable acceleration, responsive agility, and the athletic contemporary styling cues the Flying Spur is known for.

Within the Flying Spur range the V8 is distinguished by its characterful V8 engine, which produces formidable torque of 660 Nm (487 lb.ft) that effortlessly propels the Flying Spur from 0-100 km/h in 5.2 seconds (0 to 60 mph in 4.9 seconds) with a top speed of 295 km/h (295 mph).

This impressive performance comes with a fuel range of 520 miles (840 km), thanks to the highly efficient engine that includes cylinder deactivation to save fuel, alongside intelligent thermal management and electrical recuperation.
