'THE SILVER SISTERS' MARK 25 YEARS OF BENTLEY MANCHESTER

- **Bespoke Bentleys commissioned to celebrate a quarter-century of Manchester retailer**
- **Bentayga, Continental GT and GT Convertible in matching specs**
- **Patented Silver Stratos paint complemented by unique interior details**

(Crewe, 7 June 2019) One of Bentley's most successful retailers is celebrating its 25th year with the release of the Silver Sisters – three Bentley models in identical specifications forming a unique trio of cars.

Through Bentley's coachbuilding and bespoke division, Mulliner, Bentley Manchester has created a matching set of three one-off cars, with a Bentayga paired with coupe and convertible versions of the Continental GT sharing the same bespoke specifications.

The Silver Sisters are finished in a paint colour unique to Bentley Manchester and patented by them – Stratos Silver, which has previously only been used on three occasions since its creation in 1997. The cars all feature black chrome brightware along with a splitter, sill extensions and rear diffuser in carbon fibre. The striking silver paintwork is reflected by the interior, where single tone Beluga leather is accented through Stratos Silver accents and stitching. A unique '25' motif is stitched into the headrests, and also appears on the Grand Black veneer fascias and door treadplates.

Finished with 22" black and hand-polished alloy wheels and gloss-black brake calipers, the Silver Sisters make a purposeful yet elegant visual statement.

[Continental GT WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 20.8 (13.6). Combined CO₂ – 308g/km.]

[Continental GT Convertible WLTP drive cycle: fuel consumption, mpg (l/100km) – Combined 20.2 (14.0). Combined CO₂ – 317g/km.]

Press Information

Bentley's UK Regional Director, Sarah Simpson comments:

"We are delighted that Bentley Manchester is celebrating its 25th birthday with such a beautiful trio of bespoke cars, especially in the same year that Bentley celebrates its centenary. They are one of 17 successful retailers in the UK, and their talents in imagining stunning specifications has been matched by the skills of the Mulliner team to create this unique line-up. We're very much looking forward to the next 25 years of working together."

Notes to editors

Bentley Motors is the most sought after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering and production of the company's four model lines, Bentayga, Continental, Flying Spur and Mulsanne. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
