## Press Information

### **BENTLEY'S SOLD OUT BACALAR AND CONTINENTAL GT SPEED NOW AVAILABLE IN 1:43 MINIATURE**

- **1:43 scale Bentley Continental GT Speed and Bacalar available now**
- **Wonderfully detailed and painted in striking colours**
- **Priced at £100, they represent a significant saving on the real car**

**(Crewe, 19 December 2022)** Exquisitely detailed, the new 1:43 scale models of the Continental GT Speed and the limited-edition Bacalar by Mulliner supercar are available now through the Bentley Motors shop.

The gentlemanly curves and grunt of the Continental GT Speed are mirrored in miniature, with striking Candy Red paintwork elevating the dark tint detailing that is provided by the gloss, carbon fibre Styling Specification. Inside, the sporty Hotspur interior trim is complete with custom Speed embroidery and diamond quilting design that has been added to the leather.

The £1.8 million Bacalar is not only more affordable in miniature form but a rare chance to get somewhat close to the real thing, with the 12 full-size original cars already sold. The Yellow Flame exterior of this bespoke barchetta pays homage to the revolutionary sustainable 'colourstream' paint that was specially developed to emphasise the form and contours of the full-scale Bacalar. Satin Bronze brightware further intensifies this dramatic character, be it on the road and in the garage, or on the shelf and driven over carpet. A wraparound cockpit blends the interior and exterior design together, seen on this model with a sophisticated Grey Tweed and Beluga cabin colour scheme. The closer you look, the more you see the intricate patterns and individual detailing that has so excited craftspeople, connoisseurs, and collectors.

### Notes to editors

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering, and production of the company's five model lines, Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
