**(Crewe, 2 September 2024)** Bentley’s latest Grand Touring sedan – the new Flying Spur – will be launched at 12:30 BST on Tuesday 10 September.

Reborn with the company’s new Ultra Performance Hybrid powertrain with 782 PS (771 bhp) and 1000 Nm, Bentley’s four-door supercar demonstrates the power of the possible. The new Flying Spur is not only the most powerful and most dynamic, but also the most efficient four-door car in Bentley’s 105-year history, with CO<sub>2</sub> below 40 g/km, an e-range of more than 45 miles, and total range of more than 500 miles.

The Ultra Performance Hybrid powertrain is Bentley’s future, delivering astonishing flexibility from incredibly accessible supercar performance to silent, effortless electric luxury. To launch the new Flying Spur, Bentley will release a film showcasing the car’s newly-expanded dynamic capabilities – at the hands of racing stars old and new.

Further details will be available on [www.bentleymedia.com](http://www.bentleymedia.com) from 12:30 BST on 10<sup>th</sup> September.

CO<sub>2</sub> emissions and fuel consumption data for EU27 is pending, subject to EU Type Approval

### **Notes to editors**

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering, Mulliner and production of the company's five model lines, Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
