Press Information

TRIO OF BENTLEY MODELS TAKE CENTRE STAGE AT THE ZOUTE GRAND PRIX ON THE BELGIAN RIVIERA

- **Limited Edition Flying Spur Speed Edition 12 celebrates end of an era for Bentley's iconic W12 engine**
- **Final Speed Edition 12 cars feature unique fascia engine display and commemorative scale model of legendary W12 engine**
- **Bentayga EWB First Edition and Continental GTC Mulliner V8 also displayed at Belgian Riviera event**

(Munich, 5 October 2023) Bentley Brussels, Knokke and Antwerp will showcase one of the final vehicles to be fitted with the luxury British automotive brand's legendary W12 engine at the Zoute Grand Prix, a week-long series of exclusive automotive activities held on the Belgian Riviera.

The full Bentley range will be displayed at the Prado, a Bentayta EWB, a Continental GTC as well as a Flying Spur Speed Edition 12. The Flying Spur Speed Edition 12 is one of the only 120 examples to be built, a supremely powerful sedan that pays homage to Bentley's 6.0-litre W12 unit, which is due to end production in 2024 and ordering in a few weeks in Europe.

The W12 engine ensures the Flying Spur Speed 12 is one of the fastest, four-door sedans in the world. Capable of 0-100 km/h in 3.6 seconds and a top speed of 333 km/h, the phenomenal W12 also produces 659 PS and 900 Nm of torque. First introduced in the original Continental GT in 2003, the engine has since become an icon of Bentley's DNA.

BENTLEY

Press Information

A genuine collector's car, the Flying Spur Speed 12 Edition is also afforded a range of unique commemorative features. The dashboard fascia displays a visual representation of the W12's firing sequence, while every owner will receive a scale model of the engine, handcrafted from a genuine recycled W12 block and housed in a special presentation case. A full-size example of a W12 engine itself will be on show alongside the Flying Spur Speed Edition 12.

Bentley will also showcase the Bentayga EWB First Edition V8, in eye-catching Pale Brodgar over Brodgar two-tone paintwork. Inside, the luxurious SUV features a colour split interior of Portland and Burnt Oak hide, with Dark Stained Burr Walnut veneer. A Continental GT Convertible Mulliner V8 will complete the trio of Bentley models. This open-air tourer is painted in Onyx, complemented by a Cambric lightweight cotton interior in Linen, with contrasting Beluga hide, finished with a Grand Black with Diamond Milled trim.

All visitors are welcome to the Bentley stand at the Zoute Grand Prix in Knokke-Heist, Belgium, which is taking place from October 5 – 8.

BENTLEY

Press Information

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering and production of the company's five model lines, Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
