Exclusively introduced for 2020, the Limited Edition Barnato by Graf von Faber-Castell is the most elegant of pen designs. Lacquered in dark green, each fine writing instrument features signature Bentley knurling and Woolf Barnato's original signature on the green-glazed cap, also adorned with a Bentley 'B'. The exclusive collection of pens is limited to just 1,930 pieces in honour of the year of the 'Blue Train Race', completed by Barnato defying all odds and expectations. The tale forms an important part of Bentley history, as does Barnato himself.

In addition to the new Limited Edition Barnato pen, the two brands offer a unique selection of writing instruments hand-guilloched with an elaborate diamond pattern. The eye-catching colours available have been inspired by exclusive Bentley paints; Sequin Blue, Tungsten, White Satin and Onyx – a pen to suit the colour scheme of every desk, handbag or briefcase. Each of the Graf von Faber-Castell for Bentley designs offer the option of a Fountain pen, Rollerball pen or Ballpoint pen.

Naim and Focal for Bentley

The ideal gift for audiophiles and admirers of excellent design, the new Naim for Bentley Mu-so is a wireless home speaker system built for class-leading audio performance, functionality and usability. The Special Edition features distinctive Bentley design cues. Copper accents woven in to the acoustically-transparent speaker grille and the striking heatsink reference styling aspects of Bentley's design DNA and the EXP 100 GT. Lacquered Ayous wood adds a unique, dramatic finish, and a recurring lattice pattern surrounding the volume-dial draws inspiration from Bentley's diamond seat quilting and distinctive headlamps.

Perfect for her

The special women in your life will be thrilled with the range of gifts on offer from the Bentley Collection.

A trio of new floral scents from the Bentley Beyond Collection marks the first female range from Bentley Fragrances: each inspired by different exotic flowers. Mellow Heliotrope is a delicate, powdery scent, named after the Mediterranean, purple flower whose name means 'turn towards the sun' – the notes are floral with hints of blackcurrant, vanilla, praline and strawberry. Radiant Osmanthus is joyful, fruity and floral named after the radiant, magical flower with its sunny hue – blood peach, is accompanied by airy notes of jasmine, creamy sandalwood, white amber and musk. Vibrant Hibiscus has an exuberant floral aroma reminiscent of the tropical flower that thrives in sunny climes – the scent opens with cassis and mandarin, a touch of peony, rose, hibiscus, jasmine, sandalwood and patchouli. Each faceted flacon for the three scents is inspired by the signature cut-crystal glass headlights of the Continental GT, with a handstitched suede cap and the Bentley emblem engraved on the metal shoulders of each bottle.

To keep her most cherished and collected accessories safe, the Jewellery Case makes the ideal present. The exquisite leather jewellery box features the distinctive Bentley diamond quilt pattern on its exterior and is elegantly simple
