PRESS CONFERENCE ANNOUNCEMENT – THE NEXT NEW MULLINER

- **Next chapter of Bentley Mulliner’s journey to be announced at Goodwood Festival of Speed**
- **Adrian Hallmark to present new project at 13:00 BST on Friday 24 June, on the Bentley stand**
- **Interviews with Bentley executives available throughout the event**

(Crewe, 20 June 2022) Bentley will announce its next exciting Mulliner project at 13:00 BST on Friday 24 June at the Goodwood Festival of Speed. After the incredible success of the Bacalar and Blower Continuation Series projects, the next Mulliner adventure will again combine exceptional design, engineering and handcraftsmanship in world-leading ways to create a new family of highly exclusive Bentleys.

Bentley’s Chairman and Chief Executive, Adrian Hallmark, will make the announcement on the Bentley Mulliner stand at the Festival of Speed. All media and guests at the event are warmly invited to attend the short press conference, which will start at 13:00 BST on Friday 24. The Bentley Mulliner stand will be adjacent to the Supercar Paddock, next to the track and near the Start Line.

The announcement will be one of the highlights of Bentley’s presence at Goodwood this year, alongside the debut of the new S range of models, the reveal of a new Continental GT Mulliner, and a celebration of 40 years of turbocharged Bentleys. All of these cars will be joined on the famous hillclimb by the Blower Continuation Series Car Zero. Any journalists who would like to interview Bentley executives on site during the event should please contact Wayne Bruce to make arrangements.

Notes to editors

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering, Mulliner and production of the company's five model lines, Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
