BENTLEY PRESENTS THREE DYNAMIC DEBUTS AT GOODWOOD FESTIVAL OF SPEED

- **Victorious Bentayga W12 arrives from Pikes Peak International Hillclimb in Colorado, USA**
- **New Continental GT makes UK public dynamic debut on Hillclimb**
- **New Continental GT3 race car piloted by legendary Bentley Boy, Guy Smith**

(Crewe, 4 July) Bentley will showcase three of its most dynamic new cars at the Goodwood Festival of Speed (July 12-15), demonstrating the brand's expertise in crafting the world's finest high-performance luxury Grand Tourers.

The highlight of Bentley's presence will be the Bentayga W12 which recently completed the famous Pikes Peak International Hillclimb. The car arrives at FOS directly from its record-breaking run at the 'Race to the Clouds' in Colorado Springs, USA.

At the hands of Pikes Peak veteran Rhys Millen, the 600 bhp luxury SUV established a new fastest-ever time for its class over the precipitous 12.42 mile race, and Millen will now pilot the car up Goodwood's own challenging hill ascent.

Press Information

by Bentley's engineering team in Crewe – the British luxury marque has re-imagined the Grand Tourer for the 21st Century, offering unrivalled performance, craftsmanship, refinement and technology. Fans of the marque will get a sense of the car's 3.6-second 0-60mph and 207 mph performance when it takes on the Goodwood hill.

Demonstrating the brand's racing roots and taking Bentley back to the track in modern-day guise is the all-new Continental GT3 racecar, which will be piloted at Goodwood by Bentley Boy Guy Smith. Based on the new Continental GT road car, the GT3 is currently competing in the Blancpain GT Series Endurance Cup.

Notes to editors

Bentley Motors is the most sought after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering and production of the company's four model lines, Bentley, Continental, Flying Spur and Mulsanne. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
