Each Bentayga combines a number of bespoke features including a woodland embroidery scene, hand cross-stitching to the main interior stitching and a unique chrome overlay to the passenger fascia that describes each outdoor theme. The new woven wool finish to the inside of the doors, seat back pockets, grab handles and further detailing around the instrument panel adds further depth of natural textures and materials to the already class-leading interior. Sand Herringbone Tweed has been selected to complement the interior design, with natural colour harmony with both the main and secondary leathers throughout the cabin. Paint colours Havana, Cumbrian Green and Magnetic have been chosen as the ideal exterior specification colours for this country-dwelling car.

Through Bentley's revered craftsmanship, the outdoor pursuit collection uses Liquid Amber: a straight grain veneer, now with a boxwood inlay, to edge the dark fiddleback eucalyptus veneer of the fascias and waistrails. Examples of bespoke inlays on offer to customers of the Pursuits Collection include a jumping horse motif, a fly-fishing scene, British foxhounds or just the word 'MULLINER'.

The Bentayga's 22" ten spoke alloy wheels have been matched to the exterior paintwork and then diamond turned and polished to produce the final surface. On entry to the car, passengers will notice the LED Bentley Welcome lights, illuminated treadplates and tactile tweed surfaces. A bespoke accessory in the form of a Hunter Flask bound in matching leather to the interior has been commissioned for when away from the car.

Notes to editors

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering, Mulliner and production of the company's three model lines, Continental, Flying Spur, and Bentayga. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
