## Press Information

The third-generation Continental GT combines spirited, focused performance with handcrafted luxury and cutting-edge technology, to create the finest Grand Tourer ever produced. The GT S range retains the 542 bhp (550 PS) and 770 Nm 4.0-litre V8 engine that's proved incredibly popular with customers around the world, delivering a time of just 4.0 seconds for 0-100 km/h (62 mph). For the GT S, the engine is enhanced by the fitment as standard of a Sports Exhaust to amplify the crossplane V8 beat.

"Bentley's Continental GT S won *Robb Report's* 2023 Car of the Year, so it's no real surprise that it should be acknowledged in our Best of the Best awards as the benchmark for grand tourers," said *Robb Report's* Editor in Chief, Paul Croughton. "An unparalleled balance of interior artistry and comfort, brute power, and sublime performance."

This award marks the fifth time that Bentley has been recognized by *Robb Report*. The previous accolades include, ['2023 Car of the Year \(Continental GT\),'](#) ['2022 Best Grand Tourer \(Continental GT Speed\),'](#) ['2022 Best Interior \(Flying Spur Hybrid\),'](#) ['2017 SUV of the Year \(Bentayga\).'](#)
