EUROPEAN DEBUT FOR ALL-NEW BENTLEY CONTINENTAL GT SPEED – THE DEFINITIVE GRAND TOURER

- **First public appearance in Europe of fourth generation Continental GT Speed**
- **Most powerful road-going Bentley ever redefines the definitive Grand Tourer**
- **Bolder styling cues herald a design revolution for Bentley**
- **Potent 782 PS 1000 Nm 'Ultra Performance Hybrid' offers 81 km of electric range and CO2 emissions of just 29 g/km**
- **0-100 km/h in 3.2 seconds and a top speed of 335 km/h**
- **Debut to be held at prestigious Concours of Elegance in Tegernsee, Germany on July 26 and 27**

(Munich, 22 July 2024) Bentley Motors today announced the highly-anticipated European debut of the all-new, fourth generation Continental GT Speed. The most powerful, road-going Bentley ever will be seen for the first time in public at the first ever Concours of Elegance in Tegernsee, Germany, edition on the weekend of July 26 and 27.

Powered by a 782 PS, 1000 Nm 'Ultra Performance Hybrid' powertrain, Bentley's class-leading Grand Tourer is capable of 81 km of usable electric-only range, while emitting just 29 g/km of CO2 on the WLTP drive cycle. The combination of a V8 engine with a plug-in 25.9 kWh battery allows the Continental GT Speed to achieve 0-100 km/h in 3.2 seconds and a top speed of 335 km/h.

Press Information

The ultimate in handcrafted luxury, the latest Continental GT Speed also benefits from a comprehensive redesign both inside and out. Bentley's new design DNA now presents a more muscular, contemporary statement, exemplified by single front headlamps that herald a design revolution for the British brand.

The new Continental GT Speed features the Bentley Performance Active Chassis, which includes Active All-Wheel Drive, electronic limited slip differential, all-wheel steering and Bentley Dynamic Ride. Inside, the four-seat cabin offers wellness seat technology, new air ionisation and three-dimensional, textured leather upholstery, as well as revised quilting and a new dark chrome finish.

Marco van Aalten, Head of Germany at Bentley Motors Europe, commented:

"The new Concours of Elegance at Lake Tegernsee in Bavaria offers the perfect environment to celebrate the European debut of the definitive Grand Tourer. The new Continental GT Speed in Convertible form will perfectly sit alongside the finest in jewellery, fashion and exclusive experiences.

"We hope customers will come and admire the ultimate blend of supercar performance and handcrafted luxury in such a unique and luxurious setting where car lovers meet."

Notes to editors

Bentley Motors is the most sought-after luxury car brand in the world. The company's headquarters in Crewe is home to all of its operations including design, R&D, engineering and production of the company's five model lines, Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations, alongside engineering expertise and cutting-edge technology is unique to UK luxury car brands such as Bentley. It is also an example of high-value British manufacturing at its best. Bentley employs around 4,000 people at Crewe.
