RARE, AND RARING

(Crewe, 1 October 2025) The return of an iconic name to Bentley is imminent, 100 years after it was first introduced. This will be a rare Bentley – and one that is raring to perform. Another extraordinary car, coming soon.

More details will be released in due course.

Notes to editors

From W.O. Bentley, who founded Bentley Motors in 1919, to the current team of over 4,000 dedicated colleagues, the company's extraordinary cars have always been designed and built by exceptional people using only the finest of materials.

From modest beginnings, Bentley has moved from strength to strength – in a relentless pursuit of both luxury and performance. W.O.'s vision continues to guide Bentley's beliefs, actions and ambitions.

Located in Crewe, England and owned by the Volkswagen Group since 1998, Bentley Motors remains the definitive British luxury car company, crafting the world's most desirable high performance grand tourers. Bentley's colleagues design, engineer and handcraft five bespoke models: Continental GT, Continental GT Convertible, Flying Spur, Bentayga and Bentayga EWB. The combination of fine craftsmanship, using skills that have been handed down through generations and engineering expertise is unique to Bentley.
